### **Welcome and Review of February Minutes:**

Move to approve Jan and Feb minutes AA, second ML, all approved.

### **Staffing:**

We will vote between three options to use our LAND trust money (Since we don't know yet what funding we may or may not get from legislative session) today before tonight's board meeting: fund second half of a counselor, certified academic support for blended grades, or cash match for full-time classroom support (Kindergarten).

Washington has 12 FTEs. LAND trust money is 35,000. Title I is cut again this year by 20,000. (Because we had 9 fewer students eating free or reduced lunch on Oct 1 2018). Also fun fact: substitutes come from school's budget, not district budget. So we still have 12 FTEs. Washington will pay for .5 of three other employees. Washington will not do ELD next year. Washington will still have split grades next year. 2/3 and 4/5 split.

Vote results: #1 is fully funding K teacher, #2 is other half of counselor, #3 is Academic support for split grades. SIC has also voted to retain counselor. All three options were just a couple points off of each other in voting, so they are all similarly high priorities. Ideally, we'd like to accomplish all three of these for next year.

Reading of proposed letter to board by AG. Move to approve to present letter to board AA, second SK, unanimously approved.

AA move to adjourn second ML, unanimously approved.

### **Reminder of upcoming topics:**

— April 4: BTS/Enrichment

— May 2: Finalize LAND trust plan
